

A third child's eyes mutilated for organ sales within a month in China's communist society

At 4pm on 20th Sep. 2013, a 9 year old boy was visiting relatives with his mother when she realized the boy was missing after playing outside of the house. They could not find him anywhere, but at 10pm, video surveillance of the residential area showed the boy being taken into a nearby home and not coming out. The boy was killed by the young man living there, and by 3am the next day, the boy's body was found at a nearby river. His eyes had been removed, the corneas were missing, and he had suffered many knife wounds. It is not known at this stage whether other organs were taken.
