The news read; The former state council member and Minister of National Defense Chi Haotian, (also the director of the Law of National Defense Draft Commission.) was awarded the medal of "World Pioneer for Harmony". Mr. Chi received the medal from the head of the UN Department of Economic and Social Affairs. Mr. [Sha Zhukang, a Chinese national](#). The award was nominated and awarded by by the "World Harmony Foundation".

The medal shown in the photo was engraved with the symbol of the United Nations.

What is the "World Harmony Foundation"? Chinese netizens searched and shared the results widely on Chinese websites:

The organization was announced as being a subsidiary of the United Nations, but their website has no corresponding sites in English, or other languages.

The registered office is in a commercial building in Beijing, not in New York, and the chairman is Liu Fan (Frank Liu), who owns a perfume company registered in Xiaman, China. But Frank Liu claims he is the CEO of an American company and that he had successfully organized 1st, 2nd, and 3rd Spring festivals ( New Years Parties) for the United Nations.

### 世界和谐基金会主席——刘藩先生事迹简介

In 1995, Liu had successfully invited 6 billion yuan of foreign investment for Chinese security bureau to improve its communication system.

成功地为中国公安部改进通信系统融资了6000万人民币的外资，有力的帮助了中国公

Chinese netizens also found that there are two "World Harmony Foundation"s: Fan Liu (Frank Liu) is the chairman of whf-foundation.com while Qiu Shengyun and Tong Jie are the chairmen

of whf-foundation.org. The interesting part is that the two foundations share the same logo, the so called lucky bell, and have the same successful events listed, but with different office locations..

### Now let us have a look at this Chi Haotian

As the head of China's National Defense Commission, Chi had made quite a few astounding statements in the last few years:

In March 2008, Chi said: "(we) rather let no grass grow on Taiwan, and we will still need to liberate Taiwan!" (meaning no grass will grow after a nuclear attack)

'Liberate' Taiwan?

Chinese have been told for decades since 1949, that Taiwanese people, and all people in capitalist countries, live in misery, and we need to liberate them. (editor's note)

Another speech by Chi Haotian on China's "mission", Started with:

"Comrades, I'm very excited today, because the large-scale online survey on sina.com that was done for us showed that our next generation is quite promising and our Party's cause will be carried on. In answering the question, "Will you shoot at women, children and prisoners of war," more than 80 percent of the respondents answered in the affirmative, exceeding by far our expectations."
